

2019 POST-ICIS KrAIS RESEARCH WORKSHOP
Call for Papers

<https://sites.google.com/site/kraisweb/2019-krais-research-workshop?authuser=0>

Munich, Germany – December 18, 2019

Immediately following the 2019 International Conference of Information Systems (ICIS) to be held in Munich, Germany, the Korean Chapter of the Association for Information Systems (KrAIS) will hold its ninth annual Post-ICIS KrAIS Research Workshop (henceforth, “the Workshop”) on Wednesday, December 18, 2019. We cordially invite you to submit your papers to the workshop.

This year we organize two parallel sessions: round table session (RTS) and paper development session (PDS). RTS invites original research work on a broad range of topics related to information systems that are neither published nor submitted elsewhere including ICIS2018 and associated workshops. PDS invites high quality papers with strong potential for publication in the top IS journals (e.g., Information Systems Research, MIS Quarterly). Authors will be given the opportunity to discuss their papers in depths with prominent senior scholars with publishing and/or editorial experience at the top journals (e.g., former and current SE, AE and reviewers from ISR, MISQ). Papers published in other conference or workshops are invited to PDS but not RTS. Doctoral students and junior faculty members are especially encouraged to submit their research. Student-authored papers will be given special consideration. The authorship of accepted papers cannot be changed once the camera ready versions are submitted.

Important Dates:

Submission System Open:	Wednesday, June 19, 2019
Submission Deadline:	Wednesday, August 28, 2019 (Timezone: Korea)
Deadline extended	Wednesday, September 11, 2019 (Timezone: Korea)
Notification of Acceptance:	Wednesday, October 9, 2019
Camera Ready Version deadline:	Wednesday, November 6, 2019
Workshop:	Wednesday, December 18, 2019

Fast-Track Journal Publication Opportunities:

High quality papers from the workshop will be invited for a possible fast-track publication in the *Asia Pacific Journal of Information Systems* (APJIS), the flagship journal of the Korean Society of Management Information Systems (KMIS).

Best Student Paper Award:

In order to promote scholarship among Korean doctoral students, KrAIS will offer best student paper awards.

Background:

As a chapter of the Association for Information Systems (AIS), KrAIS aims to promote the scholarship of AIS members with Korean heritage. Any Korean scholars and professionals – both domestic and abroad – who are interested in the development, management, and use of information and communication technologies are encouraged to participate.

The objective of the Workshop is to provide a forum where its members can exchange ideas and information and promote possible collaboration among its members. In particular, the Workshop focuses on helping graduate students and junior faculty improve their research and develop scholarship and careers through close interactions with and guidance from peers and senior faculty.

Submission:

Authors are asked to submit either *completed* research or *research-in-progress* papers complying with the 2019 KrAIS Workshop formatting requirements. **All submissions must be in English.** You can download the submission template (for completed research papers, research-in-progress papers, and extended abstract) at

https://www.dropbox.com/s/ugifw846g4yiq60/2019_KrAIS_Submission_Template.docx?dl=0

Page Limit Requirements:

The two sessions (RTS and PDS) accept both completed research papers as well as research-in-progress papers.

- Completed research papers must not exceed fourteen (14) single-spaced pages and must conform to the 2019 KrAIS Workshop submission template. The 14 pages must include all text, figures, tables, and appendices. The cover page, abstract, keywords, and references are excluded from this page count.
- Research-in-progress papers must not exceed seven (7) single-spaced pages and must conform to the 2019 KrAIS Workshop submission template. The 7 pages must include all text, figures, tables, and appendices. The cover page, abstract, keywords, and references are excluded from this page count.

(please note that the page limits above are not strictly applied to the papers submitted to PDS)

Authors who are interested in participating in the workshop need to submit papers by September 4, 2019 through the EasyChair conference management system (<https://easychair.org/conferences/?conf=krais2019>). Submissions will undergo a blind review process. The submissions site will open on June 19, 2019.

Format of Workshop:

In order to facilitate in-depth discussion and exchange of ideas, the Workshop will feature parallel sessions where five to six authors briefly present their research for about 10 minutes each, followed by questions and discussions. Sessions will be organized based on research interests and will be led by senior scholars who will serve as mentors. All participants are expected to have read all the papers for the table prior to the workshop so that the discussion will focus on how to improve the paper. All participants may choose to present or discuss in Korean or English as most KrAIS members are bilingual.

Time and Venue:

The Workshop will be held from 1:00pm to 6:00pm on December 18, 2019 (Location: to be announced). Immediately following the Workshop, KrAIS business meeting and dinner will be held from 7 to 9 pm.

If you have any questions about the 2019 Post-ICIS KrAIS Research Workshop, please feel free to contact the workshop program co-chairs (contact information provided below). We look forward to seeing you in Munich, Germany!

KrAIS Co-Chairs

Kim, Dongmin, University of New Brunswick
Bock, Gee-Woo, Sungkyunkwan University

KrAIS Secretary:

Yang, Sung-Byung, Kyung Hee University

KrAIS Treasurer:

Jung, Eun Ju, George Mason University

KrAIS Communication:

Lee, Gunwoong, Sungkyunkwan University

Workshop Advisory Members:

Lee, Ho-Geun, Yonsei University
Lee, Jae Kyu, Yonsei University
Yoon, Victoria, Virginia Commonwealth University

Workshop Program Co-Chairs:

Seo, DongBack, Chungbuk National University
Pang, Min-Seok, Temple University
Chang, Younghoon, Beijing Institute of Technology

Workshop Program Committee:

Argyris, Young Anna, Michigan State University
